CALL FOR SYMPOSIUM PROPOSALS

Parallel symposia held over two days of the Thematic Meeting constitute the core of the scientific programme, along with plenary sessions and poster presentations.

The International Scientific Committee invites symposium proposals relevant to the theme of the meeting, "Pharmacogenomics and Personalised Medicine in Psychiatry". These may include symposia with a basic, translational or clinical focus, integrated symposia and symposia that address economic, legal, social and ethical aspects.

Deadline for the Submission of
Proposals for Symposia:

1 October 2012

www.cinp2013.com

CALL FOR ABSTRACTS

Researchers and Clinicians are invited to submit abstracts for poster presentation.

Deadline for the Submission of Abstracts:

15 January 2013
