## 3D LAPAROSCOPIC "SUTURING BATTLE" from 10.00 to 13.00

### "CHECK YOUR ABILITY"

During the EUPSA basic course the attendees can take part in the 3D suturing competition. This fantastic laparoscopic contest consists in performing a suture in a 3D pelvic trainer as fast as possible.

Try and check your surgical skills!

If you win you can have a great surprise: the first 3 classified will receive a free registration (Option A) to EUPSA/ESPES Advanced Course of Laparoscopy in Pediatric Urology that will be held in Naples (Italy), June 8-9, 2017.

What are you waiting for?
